

## JobPost EGADE

### Faculty positions at EGADE Business School

EGADE Business School of Tecnológico de Monterrey in Mexico, the leading business school in Latin America, invites applications for **Full-time** and **Online Visiting Faculty** in the following areas:

- **Business Intelligence**
- *Finance* > **Corporate Finance, M&A, International Finance**
- *Finance*> **Assets Valuation, Derivatives and Project Valuation**
- **Innovation**
- *Marketing* > **Branding & Consumer Behavior**
- *Strategy* > **Conscious Business**
- *Strategy* > **Ethics and Business Governance**
- *Strategy* > **Consulting**
- *Strategy*> **Digital Transformation**

**For Full-time positions**, research is highly valued and strongly supported through access to internal and external research funds, and a collaborative, research-oriented environment. The salary is competitive and commensurate taking into account experience and qualifications. In addition, a comprehensive benefits package will be offered as well (such as relocation bonus, monthly food stipend, etc).

Our faculty is dedicated in developing education based on innovation, disruptive technology and excellence at the service of society. Successful candidates are expected to take a leadership role in their area of expertise, developing and teaching graduate level courses with an average 2-2 teaching load per year, conducting high quality research leading to publications in top academic journals, and actively participating in the life of the school.

For both full-time and online visiting positions, courses are fully taught in English.

**For Online Visiting positions**, they are scheduled over the following trimesters:

- Spring: April – July
- Summer: July-August (accelerated schedule)
- Fall: September – December
- Winter: January-April

Review will begin immediately and will continue until positions are filled.

**\*\*We will be interviewing at AOM's Virtual Fair 2021\*\***

### Requirements

- PhD in Management or related field from an AACSB accredited doctoral program with emphasis in any of the above listed areas.
- Publications in refereed journals and a well-developed research agenda.
- Commitment to high quality teaching as evidenced by student evaluations.
- Professional work experience in business related to discipline is desirable.
- Use of experiential learning techniques.
- Experience using Canvas and delivering content remotely via Zoom is preferred. Candidates with little or no experience with these technologies will be provided with training. Previous experience delivering courses fully online is a plus.

## About EGADE Business School

EGADE Business School is accredited by AACSB, EQUIS, and AMBA and was awarded Five Palmes by Eduniversal Global Rankings and Ratings Agency. EGADE Business School has been consistently ranked among the top 3 in Latin America by AmericaEconomia and is currently ranked as the #1 Business School in Latin America by the QS Global MBA Ranking. The School offers graduate academic programs (Masters and PhD) and executive education in Mexico at three sites: Monterrey, Mexico City, and Guadalajara.

The EGADE programs are characterized by high engagement from our students with the expert leadership of our international professors. We value diversity, curiosity, innovation, challenging the status quo, and students who engage in transformative thinking in leadership action that contributes to a sustainable future.

## Faculty positions at Tecnológico de Monterrey

Tecnológico de Monterrey in Mexico, one of the Top Universities in Latin America, invites applications for **Full-time** and **Online Visiting Faculty** in the following areas:

- *Accounting*> **International Financial Reporting, Accounting Information Systems, Blockchain and artificial intelligence accounting applications, Corporate Governance, Integrated Reporting, Managerial Control Systems**
- *Finance*> **Econometric Models, Derivatives, Financial programming and modeling, Business valuation, Investments, Blockchain and artificial intelligence finance applications, Finance analytics, International finance**
- *Entrepreneurship*> **Ideation and prototyping, Innovation methodologies, Business foresight, Innovative business models, Family business.**
- *International Business*> **International logistics operations, Managing international services, Supply chain, International treaties, Global operations, International negotiations and agreements.**
- *Marketing & Analytics*> **Business analytics, Business intelligence, Data mining, Data management and governance, Marketing intelligence, Marketing research, Digital business, Digital marketing, Marketing strategy, Product development and branding.**
- *Strategy & Management*> **Talent management, Talent analytics, Strategic planning, Business foresight, Leadership, Organizational design.**

We offer our professors the opportunity to develop into one of the following tracks that match their profile: **Consulting, Entrepreneurship, Educational Innovation** or **Research**.

If you are interested in the research track, you should know that at our institution research is highly valued and strongly supported through a reduced teaching load (if research objectives are met), access to internal and external research funds, excellent facilities, and a collaborative, research oriented environment.

Either as an **Online Visiting** or as a **Full-time** Professor, you will be expected to take a leadership role in your area of expertise, developing and teaching courses in [English](#), and actively participating in the life of the school. The salary is competitive and commensurate with experience and qualifications and a comprehensive benefits package is provided as well.

Review will begin immediately and will continue until positions are filled.

### **Requirements**

- PhD in Management/Marketing/Finance/Accounting, preferably from an AACSB accredited doctoral program, or from a program with a similar high quality academic accreditation, with emphasis in any of the above listed areas.
- Commitment to high quality teaching as evidenced by student evaluations.
- Professional work experience in business related to discipline is desirable.
- Use of experiential learning techniques is highly valued.
- If applying for a research track position: publications in refereed journals and a well-developed research agenda with the potential for sustained publications in high quality journals.

### **About Tecnológico de Monterrey**

Tecnológico de Monterrey is a private non-for-profit institution with 26 campus distributed in Mexico. It has more than 89,000 current students and 230,000 graduates.
